

PRESS NOTE

Date : 1st May, 2021

As we all know during the current Covid-19 pandemic situation many hospitals are facing shortage of Oxygen which is required for saving lives of critical patients. Due to non-availability of Oxygen many patients all over the country lost their lives.

In this scenario JK Paper (Unit: CPM) has done a commendable work of providing Oxygen with a Unique project by laying pipeline of about 1.1 kms from their mill premises. This has been done keeping in mind the humanitarian approach, even though JK paper has incurred Production loss and also financial loss.

Not only this, JK Paper Management has made temporary 30 bedded arrangement with Oxygen facility at its Singhania Public School and handed over to the district administration for treating Covid-19 affected patients and its management. JK Paper shall provide power, water, ambulance, oxygen etc. round the clock and will always be available to provide for any help possible in future.

Further, keeping in mind the need of ventilators for the critical and severely critical Corona virus patients – JK Paper Management has last month donated 2 ventilators to Janak Smarak Hospital, Vyara, and also purchased 10 Oxygen concentrators well in advance which helped save critical patients needing oxygen.

Since last 2 months, JK Paper Management is continuously supporting the district administration in the current vaccination drive, which will have significant impact in the near future in reducing the spread of the Corona Virus.

With Gratitude and Thanks,

**JK Paper Management
(Unit : CPM)
Fort Songadh**
