IPPTA
invites Essay on
"We Love Paper"

Paper can be said to be a sheet material used for writing on or printing on but in the world today, most activities or things done would have been impossible with the absence of paper. Paper can be considered as a blessing to planet earth because its uses or application are just unlimited. Few examples are listed hereunder:

- *Print Books, Newspaper and Certificates*
- *Make a Calendar* • *Make Paper Bags and Gift wraps*
- *Print Money* • *Make Business Cards*

.....And the list is endless.

Like paper has now come to substitute lots of single use products made out plastic like **straws, containers, bags** and many more.
